

YOUR PREMIER METAL FABRICATION

C&D METAL PRODUCTS, INC.

CERTIFIED: ISO 9001:2015

ABOUT US

Established in 2009 after the acquisition of Viking Metals, C&D Metal Products is now one of the premier sheet metal fabrication and CNC machining in Colorado. Located in Brighton and occupying 60,000 square feet of newly built, state-of-the-art building, equipped with top-of-the-line equipment with advanced technology and skillfully trained personnel allows us to meet the most demanding requirements.

In a job shop environment, managing multiple customers with a wide array of demands is what C&D Metal does best. From expediting quick turn prototype to full production, we have the capability and the “know how” to get the job done. We are system driven with Global Shop Solutions (MRP/ERP) from the estimation process right through shipping. Our team members utilize bar-coded scanners to input real time data throughout every step on the router for every part...you need answers? We got you!
